### Livinart Group -UI/UX Designer

May 2022 - Present | Remote

Designed end-to-end apps and websites for brands. Led Design discussions with executives to showcase design concepts and prototypes for ensuring that both business and user goals are met.

UX Research and Analysis to optimize the user experience in products.

### Upwork -UX Designer

Apr 2021 - Jun 2022 | Freelance

Worked on multiple projects, defined and delivered quality products: apps and websites with design skills and research techniques.

Redesigned multiple products, landing pages, app designs for different brands.

### Frontend Developer

Aug 2020 - Nov 2021 | Freelance

I started my career as a frontend developer where contributed my skills to major projects like [sitepriceinfo.com](https://sitepriceinfo.com)

I also contributed to over 3 open source projects on [Github](https://github.com) in the Hacktoberfest contest.
